A detailed close-up photograph of a granite surface. The texture is highly complex, featuring a mix of dark, almost black, and deep greenish-grey tones. Interspersed throughout are thin, irregular veins of a lighter, yellowish-green color. The overall appearance is rugged and natural, with various mineral grains and patterns visible.

The background of the top half of the page is a close-up photograph of Cosmic HN Granite. It features a dark, almost black, matrix with intricate, wavy, and somewhat chaotic patterns of light-colored (white and light grey) mineral inclusions. These inclusions vary in size and shape, creating a complex, layered texture that resembles a cosmic or nebular pattern.
